

West Australian Street Machine Association C4C Log App

Installation

The app is available for both Android and iPhone. Search “WA Street Machines” in either the Android Play Store or the iPhone App store. Once loaded a member can self-register or the club administrator can create an account.

Events for Everyone

The Events for Everyone screen displays a complete listing of club events for all clubs. Members can also see more information about the event and also indicate that they are going to an event. This will add the event to the members C4C notifications list.

These events will count against a member’s 60 days of club usage.

Scroll to see all scheduled events.

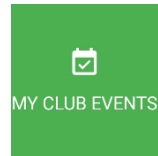

- Tap on the event for further information or to attend.

To return to the events list tap **CANCEL**.

- To attend the event tap **Going**.
- Select which vehicle is being taken.
- Enter the end date and time of the event. (Suggest 23:59 of the event day)
- Enter Drivers name
- Tap **Add to my C4C** to attend the event.

The event will now display in the members C4C listing and no more action needs to be taken to log the event as attended.

My Club Events

The My Club Events screen displays a listing of club member only events. Members can also see more information about the event and also indicate that they are going to an event. This will add the event to the members C4C notifications list.

These events will count against a member’s 60 days of club usage.

Scroll to see all scheduled events.

- Tap on the event for further information or to attend.

To return to the events list tap **CANCEL**.

- To attend the event tap **Going**.
- Select which vehicle is being taken.
- Enter the end date and time of the event. (Suggest 23:59 of the event day)
- Enter Drivers name
- Tap **Add to my C4C** to attend the event.

The event will now display in the members C4C listing and no more action needs to be taken to log the event as attended.

Upcoming Cruises

This tile will display the events that members have selected to attend and also allows the addition of a personal notification.

Existing notifications

Tap to access the Upcoming Cruises screen. A list of scheduled notifications is displayed.

No further action is required to attend these events. When the date has past a log will be created and the total number of events attended will be updated.

These totals are displayed against the vehicle in the My Profile section.

Tap on an event for more options.

Important Note: If an event is rescheduled then the existing C4C notification will not be updated. The notification will need to be deleted by

selecting **Can't Go**. The event will then need to be reselected as per normal.

Options:

GO BACK...	Returns to the Upcoming Cruises screen.
Edit	Allows editing of the C4C notification.
Finish	Marks the event as attended and finished. This will add to your usage days. If this button or Can't Go are not selected prior to the end of the calendar day then the event will be automatically marked as attended.
LET'S GO!	Opens Google maps to the location of the event.

West Australian Street Machine Association C4C Log App

	Removes the notification from your list so no attendance record is made. This must be done before either end of day or  is selected.
--	---
